## DETAILED ACTION

### *Drawings*

1. The drawings were received on October 26, 2005. These drawings are acceptable.

### *Claim Rejections - 35 USC § 102*

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-5 are rejected under 35 U.S.C. 102(b) as being anticipated by Kadota et al. (5,465,773).

See the embodiment of Figure 2 and the example of this embodiment in Table 1.

### *Claim Rejections - 35 USC § 103*

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
5. Claims 6 and 7 are rejected under 35 U.S.C. 103(a) as being unpatentable over Kadota et al. (5,465,773) in view of Ando et al. (5,553,646).

See paragraph 3 above: it is well known in such heavy duty tires to provide a plurality of protection plies of high elongation steel cords at least one of which being wider than the working crown reinforcement plies in order to protect the edges of the working crown reinforcement plies, as evidenced by Ando et al. (col. 1 line 5 - col. 4 line 24, protection plies B5 and B6 in Figure 2) for example; it would therefore have been obvious to one of ordinary skill in the art to provide such well known protection plies in the above tire in order to protect the edges of the working crown reinforcement plies.

***Response to Arguments***

6. Applicant's arguments with respect to claims 1-8 have been considered but are moot in view of the new ground(s) of rejection.

***Allowable Subject Matter***

7. Claim 8 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
